

A Pleasure to Burn: Fahrenheit 451 Stories

A Pleasure to Burn -- a collection of sixteen selected shorter works that prefigure the grand masters landmark novel Fahrenheit 451 -- is an indispensable companion to the most powerful work of Americas preeminent storyteller, a wondrous confirmation of the inimitable Bradburys brilliance, magic, and fire. Ray Bradburys novel Fahrenheit 451 is an enduring masterwork of twentieth-century American literature--a chilling vision of a dystopian future built on the foundations of ignorance, censorship, and brutal repression. The origins and evolution of Bradburys darkly magnificent tale are explored in A Pleasure to Burn, with classic, thematically interrelated stories alongside many crucial lesser-known ones--including, at the collections heart, the novellas Long after Midnight and The Fireman.
