

Answers to Prayer

Mr. Brooks, in this compilation, has endeavored to select those incidents and practical remarks from Mr. Mullers Narratives, that show in an unmistakeable way, both to believers and unbelievers, the secret of believing prayer, the manifest hand of a living God, and His unfailing response, in His own time and way, to every petition which is according to His will. The careful perusal of these extracts will thus further the great object which Mr. Muller had in view, without the necessity of reading through the various details of his Narratives, details which Mr. Muller felt bound to give when writing periodically the account of Gods dealings with him. For those who have the opportunity, an examination of the Autobiography of George Muller, or, a Million and a Half in Answer to Prayer will richly repay the time spent upon it.
