

Lemon City

In this wry fiction debut set in 1973, Elaine Brown plunges lucky readers into a gripping narrative of small-town hijinks and big-time hearts. Rule Number One: Never marry an Outsider. If you do, the boweevil will bite you back. Rule Number Two: If you cant be honest, you might as well be dead. Lemon City has ten rules to be precise, all designed in the best interest of its tight-knit black community in the foothills of Virginias Blue Ridge mountains. Granddaddy Dunlap knows all too well what can happen to folks who venture beyond Lemon Citys protective borders. After all, he once had to identify his best friends body outside town. So when his firebrand granddaughter, Faye, returns from college married to an Outsider, he must act fast to keep her in Lemon Citys safe embrace. Lemon City has rules; ten of them to be precise. You can read the rules here.
