

## Nash: A Marked Men Novel

From New York Times bestselling author Jay Crownover comes the fourth book in the Marked Men series. Saint Ford's life is exactly how she likes it: calm, serene, and all about work. Since she was a little girl, all she wanted was to be a nurse, a caregiver. What's not on her agenda: doing a back and forth dance with the guy who nearly destroyed her in high school. Dark, brooding Nash Donovan might not remember it or her for that matter, but he's changed her life forever, and now he's trying to change it again. Nothing in Nash's life is what he thought it was. And after a deeply buried secret about his family hits him like a one-two sucker punch, he has a lot to sort out. He absolutely doesn't have time to try to figure out the sizzle between him and the hottie he keeps bumping into, or why she seems so desperate to avoid him. But Saint is far too pretty to ignore and much too kind for him to give up on without a fight. And just when she becomes the one person who can help him out of his tangled mess, Nash learns he may have given up his right to her heart years ago.
