

Walden (Pocket Penguins)

I went to the woods because I wished to live deliberately, to front only the essential facts of life, and see if I could not learn what it had to teach, and not, when I came to die, discover that I had not lived. Inspiring, brilliantly written, cantankerous and funny - Walden is both a very specific story about one mans attempt to live the simple life in the wilderness, and the great, founding text both for the environmental movement and the entire counter-culture A new series of twenty distinctive, unforgettable Penguin Classics in a beautiful new design and pocket-sized format, with coloured jackets echoing Penguins original covers.
