

Light of the Sun

Karah Quinney has captured the imagination of readers everywhere with her superbly written tales of prehistoric fiction.

Now she continues the exquisite saga of Shadow of the Moon with the much anticipated sequel, Light of the Sun. Keluk has become something that he was never meant to be. He stands as a warrior and a leader of men as they traverse the great land in search of sanctuary. One woman holds the key to the future, though she does not know it. A conflicted warrior and his vengeful mate vow to hunt Keluk and his beloved woman to the bitter end. The great land is both beautiful and wild, only those strong enough to fight for their lives will survive. Keluk and Che-no-nura will need to find the courage to stand together as they face seemingly insurmountable obstacles. Some women possess courage that is inestimable; you are one of those rare women. Quote from Light of Sun by Karah Quinney The great land does not accept weakness. Strength and endurance are required to survive. Quote from Light of the Sun by Karah Quinney
