

Voces de Chernobil/ Voices from Chernobyl: Cronica del futuro/ Chronicle of the future (Spanish Edition)

PREMIO NOBEL DE LITERATURA 2015 La escritora bielorrusa da voz a aquellas personas que sobrevivieron al desastre de Chernobil y que fueron silenciadas y olvidadas por su propio gobierno. Este libro les da la oportunidad de contar su historia. Chernobil, 1986. Cierra las ventanillas y acuestate. Hay un incendio en la central. Vendre pronto. Esto fue lo ultimo que un joven bombero dijo a su esposa antes de acudir al lugar de la explosion. No regreso. Y en cierto modo, ya no volvio a verle, pues en el hospital su marido dejo de ser su marido. Todavia hoy ella se pregunta si su historia trata sobre el amor o la muerte. Voces de Chernobil esta planteado como si fuera una tragedia griega, con coros y unos heroes marcados por un destino fatal, cuyas voces fueron silenciadas durante muchos anos por una polis representada aqui por la antigua URSS. Pero, a diferencia de una tragedia griega, no hubo posibilidad de catarsis.[...] por su escritura polifonica, que es un monumento al valor y al sufrimiento en nuestro tiempo. Jurado de la Academia Sueca al otorgar a la autora el Premio Nobel de Literatura 2015. La critica ha dicho... Alexievich describe de manera muy elocuente la incompetencia, el heroismo y el dolor: mediante los monologos de sus entrevistados crea una historia que el lector, por muy distante que este de los acontecimientos, sera capaz de palpar. The Daily Telegraph Terribles y grotescas, las historias se consolidan pagina tras pagina como los radionuclidos instalados en los cuerpos de los supervivientes. The New York Times En sus libros es capaz de rescatar lo que quedo bajo los escombros de la historia para escribir con ello una cronica del futuro. Carmen G. de la Cueva, Ahora. ENGLISH DESCRIPTION Winner of the Nobel Prize in Literature Winner of the National Book Critics Circle Award On April 26, 1986, the worst nuclear reactor accident in history occurred in Chernobyl

and contaminated as much as three quarters of Europe. Voices from Chernobyl is the first book to present personal accounts of the tragedy. Journalist Svetlana Alexievich interviewed hundreds of people affected by the meltdown---from innocent citizens to firefighters to those called in to clean up the disaster---and their stories reveal the fear, anger, and uncertainty with which they still live. Comprised of interviews in monologue form, Voices from Chernobyl is a crucially important work, unforgettable in its emotional power and honesty.
